DELIVERY

We manufacture and deliver your uniforms to you at your place of choice & on-time. Well packed and ready to wear.

WHY CUSTOM UNIFORMS FOR YOUR COMPANY?

UNIFORMS ARE A GREAT FORM OF FREE ADVERTISING

If your employees interact directly with your customers, they have a lot to do with your company image.

Employees can be a great source of marketing, if they are wearing a custom uniform with your company name and logo plainly visible.

Whenever a customer or member of the public sees them, whether at a trade show, or on a company errand, they'll be reminded of your business.

UNIFORMS ENCOURAGE TEAM WORK

Feeling as though you are part of a team working towards the same goal is a powerful thing.

Custom uniforms for your employees helps them feel more connected as a team and more motivated to work harder to accomplish goals together.

Consider the impact that sports uniforms have on professional and amateur teams alike. Even the fans wear the same uniform to support their teams.

TRUST

UNIFORMS INSTILL TRUST IN YOUR COMPANY

Although you build trust with your customers by improving upon your products and services, your employee's appearance plays a major role in building trust.

When your employees are outfitted with custom uniforms, you can be assured of a consistently professional look, making your company appear more successful.

This increases the level of trust that is felt both by customers and by business partners.

Our Profile

Our Brief

TSI Apparel was founded in 2014, as a division of TSI International, to be the one stop solution provider for uniforms in Dubai, UAE - starting from the design process all the way to the delivery of uniforms at our client's choice of port.

While majority production of uniforms is done in our uniform facility in UAE, bulk production is handled by TSI Industries - our factory.

Our Belief - Uniform Design Philosophy

Uniforms are the identity of any company/organization and hence we strive to enable them to put their most stylish foot forward.

At TSI Apparel, we believe in 3 Fs while designing uniforms:

- ♦Fit

The right combination of Fit, Fabric and Function coming together harmoniously in a uniform will uplift the image of any company in front of its customers.

Tell your story with the right combination of Fit, Fabric & Function

The fit of a uniform really makes or breaks the look.
